TO WHOM IT MAY CONCERN

I am pleased to recommend Mr. SAPTARSHI DEB (Registration Number: 22BCE2178) for admission to your Master of Business Administration program. I have served as his proctor and academic mentor throughout his undergraduate studies at Vellore Institute of Technology, which has allowed me sustained insight into his academic discipline, decision-making ability, and professional maturity. He consistently demonstrates structured thinking, accountability, and clarity of purpose—qualities essential for success in a rigorous management program.

Saptarshi exhibits strong analytical judgment and a composed approach to problem-solving. He evaluates complex situations logically, considers multiple perspectives, and arrives at well-reasoned conclusions. His academic performance reflects this rigor, including a strong undergraduate record and a GMAT score of 645 that results to 87 percentiles, which underscores his readiness for graduate-level management education. He communicates clearly and thoughtfully in discussions, collaborates effectively with peers, and is receptive to feedback, using it constructively to improve his performance—an indicator of long-term leadership potential.

Beyond academics, Saptarshi has demonstrated resilience, integrity, and reliability over an extended period. He balances responsibilities effectively, remains composed under pressure, and conducts himself with ethical awareness and consistency. Based on my long-term mentorship and assessment, I recommend him. I am confident that he will contribute positively to your MBA program through disciplined effort, principled conduct, and a strong commitment to professional growth.

To Whom It May Concern,

I am pleased to recommend **Mr. Saptarshi Deb** for admission to your Master of Business Administration program. I taught him **Structured and Object-Oriented Programming** during his undergraduate studies at **Vellore Institute of Technology, Vellore**, where he consistently demonstrated academic rigor, discipline, and clarity of thought. He secured the highest marks in my course and graduated at the top of his semester with a **perfect GPA of 10.0**, reflecting sustained excellence, reliability under pressure, and strong execution across responsibilities.

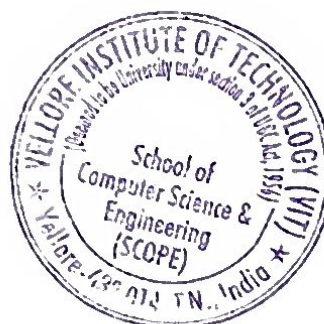

Saptarshi stands out for his **structured and decision-oriented approach to problem solving**. He analyzes situations logically, prioritizes effectively, and arrives at well-reasoned conclusions rather than focusing narrowly on technical correctness. In classroom discussions and group settings, he communicates with clarity, listens attentively, and contributes meaningfully through substance rather than assertion. He shows ownership of outcomes, manages time and expectations well, and demonstrates early leadership traits through composure and accountability.

Beyond academic performance, Saptarshi displays **maturity, ethical judgment, and resilience**, qualities essential for management and leadership roles. He responds constructively to feedback, adapts quickly to changing demands, and maintains focus in high-pressure environments. Based on his analytical strength, professional attitude, and leadership readiness, I recommend him without reservation and am confident he will add value to any top-tier MBA cohort.

Yours sincerely,

Dr.K.Kalaivani

Assistant Professor Sr.Gr.2,
School of Computer Science and Engineering,
Vellore Institute of Technology, Vellore

To Whom It May Concern

I am pleased to recommend Mr. Saptarshi Deb, a final-year Computer Science and Engineering undergraduate student at Vellore Institute of Technology, VIT University, Vellore, whom I have taught in Exploratory Data Analysis and currently in Theory of Computation. He stands among the more analytically rigorous and disciplined students I have taught in recent years, reflected in his consistent academic performance (CGPA 8.62) and his perfect 10.0 GPA in his sixth semester, where he excelled in core subjects such as Data Structures and Algorithms and Object-Oriented Programming. In my courses, he has demonstrated strong statistical reasoning, structured problem-solving ability, and the capacity to engage effectively with both applied and abstract concepts.

What distinctly sets Saptarshi apart is his initiative and intellectual ownership of learning. He actively reinforces his understanding by teaching core subjects to peers, an effort that requires both conceptual clarity and the ability to communicate complex ideas effectively. His academic discipline is complemented by a sense of responsibility beyond the classroom, as seen through his involvement in social initiatives such as organizing and contributing to a blanket drive. His overall profile is further strengthened by a GMAT score of 645 and an outstanding VITEEE rank of 121, which earned him a merit-based scholarship, reflecting both aptitude and consistency from the outset.

In my assessment, Saptarshi combines analytical strength, reliability, and a mature, methodical approach to challenges—qualities that are essential for success in rigorous MBA programs and demanding professional environments such as consulting. I recommend him without reservation and am confident that he will distinguish himself and contribute meaningfully in any institution or organization he joins.

Sincerely,

Dr. Prakash M
